

DIGITAL DASH REMOVAL INSTRUCTIONS

1984-1987 Regal – T-Type – Grand National

Removal of the digital cluster is simple and can be done in less than 15 minutes. 3 tools needed: 7/32" nut driver, needle-nose pliers and small flat-blade screwdriver. Follow the instructions below. Note that you leave the mechanical odometer in the vehicle and remove only the digital portion of the cluster. You will be removing a total of 11 screws.
